

WILDING CRAN GALLERY

TEN YEARS

January 20 - March 2, 2024

Wilding Cran Gallery is pleased to present *TEN YEARS*, an exhibition celebrating the collaborations, partnerships, and friendships that have pushed the gallery to transform and evolve since our first exhibition in 2014.

TEN YEARS features new and previously exhibited works, showcasing the connecting lineage between past and present. The work on view ranges across a wide variety of subjects, aesthetics, and media, from painting and photography to sculpture and collage. This inter-generational dialogue moves beyond our roster to celebrate the artists who have been part of our program over the past decade, alongside the debut of artists who are showing with us for the first time.

The exhibition of *TEN YEARS* serves as an opportunity to express our gratitude to the wider community that has contributed to the growth of Wilding Cran Gallery, while we look forward to the years to come
