Los Angeles art exhibitions: the best shows to see in August 2025

Read our pick of the best Los Angeles art exhibitions to see this month, from Grateful Dead band photography at David Kordansky Gallery to garden sculptures by Michael Wilding at Hotel Bel Air.

In a partnership with Wilding Cran Gallery, Ackerman Studios and CURA Art are showcasing an exhibition of sculptures by Santa Fe-based artist, Michael Wilding. The works are dotted around the lush bucolic grounds and gardens of Hotel Bel-Air near the iconic lily pond with floating swans in the hills above Sunset Blvd. Part of the exhibition series 'Spatial Elegance -Timeless Horizons' draws inspiration from the tranquil environs, the interplay of light, and the expansive Californian sky, the presentations will create an immersive and meditative experience. For artist Michael Wilding, sculpting is 'an improvisational journey and a dialogue with stone.' This philosophy casts light on his latest exhibition, where he draws inspiration from shapes formed by earth, wind and water.
